Campus Physical Planning Committee and Space Management Subcommittee Meeting

June 29, 2020 | 11:00 a.m. | Zoom

Call to Order
Meeting was called to order at 11:02 a.m.

Status of Recommendations to President
J. Shimotsu mentioned new space management website where documents from CPPC and SMS will be uploaded.

Campus Physical Planning Committee Items

Billie Jean King Legacy Center (Sports Complex) Statue
D. Gross introduced the Billie Jean King Statue. He mentioned that while she was a student at CalStateLA, she won the Wimbledon and became an icon on the tennis court but also off. She fought for gender equality and has had a global impact. We decided to commission a sculpture and have been able to secure funding to pay for the sculpture through donors. The statue will face out, in front of the gym mural. Y. Modesto asked if there will be a plaque to accompany the statue. D. Gross confirmed that there will be an informational plaque that discusses Billie Jean King.

Edible Garden
A. Papanek introduced the edible garden project. Since Fall 2019, students from student dietetic association and nutrition program at CSULA have been working to get an edible garden on campus. Resounding interest from students, faculty and alumni. An edible garden club has been established with 40 members in its first semester. Faculty from multiple departments have been applying for grants to fund the edible garden. Most of our sister universities have edible gardens to bring students together from various backgrounds. This project strengthens community and has the potential to keep growing in years to come. J. Solis asked if there will be thought for wireless connectivity. A. Papanek mentioned this is not a pressing matter at the moment but if the garden will be used for outdoor classes, we will look into it.

J. Shimotsu explained that the committee members will vote through Qualtrics which can be found through MyCalStateLA.

Planning and Construction Project Updates
Y. Modesto gave a brief overview of the current capital projects.
